EDUCATION

Charleston Southern University — *Bachelors of Technology*

Graduating Dec 2021, GPA: 3.03

Expanded on the knowledge learned from Trident and taught me the value of community through faith.

Trident Technical College — *Assoc. In Computer Technology*

August 2018 - May 2020, GPA: 3.8

The lesson plans taught me the basic fundamentals of programming and how to apply them to large scale projects.

EXTRACURRICULARS

Helping Hands, Goose Creek — *Volunteer*

Sep 2017 - Oct 2017

Volunteered at a local food distribution center for those in need. Learned the importance of community, and how little actions make a big difference.

Boy Scouts of America, Goose Creek — *Eagle Scout*

Aug 2008 - Mar 2018

Obtained the highest level of Boy Scouts by achieving Eagle Scout. Emphasized the importance of discipline and perseverance in daily actions. In addition, it taught me how to be better of service to the local community.

PROJECTS

Girls Day Out Website — *PHP and SQL Developer*

The GDO website was my final project for Trident Tech. My team worked with a real client to create an online website to submit attendance forms for a non-profit organization. The project included a database to manage attendees, health forms, and included a backend admin panel.

SKILLS

Adaptable to flexible work environments.

Complex Problem Solver.

Understands fundamentals of Data Structures.

Dependability in times of stress.

AWARDS

North Charleston Community Pride Award (2018) - awarded for improving the local park for my Eagle Scout Project

1st and 2nd Place Quest (2017-2018) - Competed in Computer Programming for Stratford High School.

Consistent Life Scholarship (2018-2021) - Dedicated to maintain a high GPA throughout all years of college.

PROGRAMMING LANGUAGES

C++, HTML, Java, SQL, Javascript, and PHP
